

EXCLUSIVE TO
EDUCATION
USERS

FREE 5 YEAR WARRANTY

Includes **Large Format Displays** AND Laser Projection!

With Large Format Displays used more widely across Education, from digital signage to collaborative learning spaces, we are extending our FREE 5 year warranty to also include our display solutions. Previously only valid for laser projection, this offer is now inclusive of our interactive touch displays, huddle space solutions, video wall modules and C/V Series large format displays*.

Our 5 year warranty brings additional peace of mind and falls in line with many establishment's refresh programmes. With our name already serving as the stamp of quality, the NEC warranty is simply our way of promising that our products will deliver fit-for-purpose performance for an extended life-time.

For a full list of products included, visit the **LARGE FORMAT DISPLAY WARRANTY microsite via the link below.*
